

# Framework Agreements

Issued: October 18

## Introduction

Our frameworks are supplied with mini-competition templates to assist you in running your own tender procedure within the framework. We can offer as little or as much support and advice as require in this process at no additional cost. All information, including mini-competition templates and Call-Off Terms and Conditions are contained within our Buyers' Guide and is available to public sector purchasers using the Information Request Form.

Note for Buyers: In the cases where distributors or sales partners have been appointed it is vital to issue all documents in the name of the **framework holder**. Refer to the Buyers' Guide for guidance or call our team for assistance.
